

Safe Environment Training for Children and Youth Parent Information Letter

Dear Parents / Guardians of Students:

As Catholics, we believe that every human being is created in the image and likeness of God. Each of us is sacred and our lives—body, mind and soul—should be treated with respect. The safety of your child(ren) is always uppermost in our mind. Therefore, Safe Environment education is incorporated into EVERY Catholic school and religious education program EVERY year.

Safe Environment education for children focuses on identifying appropriate physical, emotional and spiritual boundaries. All children are reminded that they are loved and valued by God and the Church. In addition, the important message that they can talk to trusted adults if they or anyone they know are being hurt, is reinforced.

In **Kindergarten through 5th grade** the lesson will be 20 minutes of the class.

In **6th grade** the 2 part lesson plan program “Created in God’s Image for Youth” is utilized to teach boundaries.

Grades 7 through 12 utilize lessons that have been incorporated into the youth parish religious education programs and Catholic School classes.

Parents, as the primary educators of the church have the option to present this material to your child directly. If you choose to present this material yourself rather than having it provided in the religious education program, please inform the parish religious education coordinator and they will provide lesson plans to assist you. They will also make arrangements for you to pick up your child earlier from religious education on the day the program is offered. If your child is absent on the day safe environment program is presented you will be asked to sign an acknowledgment letter that you received the material.

If you have any questions, contact the parish religious education director at 623-344-7288 the Safe Environment Training Office at 602-354-2418.

Together, we can work towards the elimination of child sexual abuse.

Sincerely,
